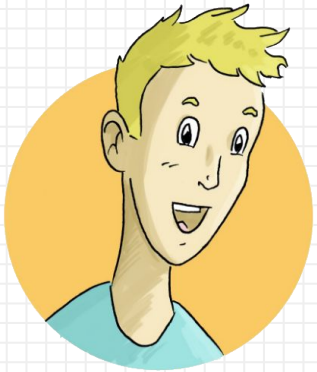
Expectations / Reality

Life as a Graduate Developer



Raoul & Elliot

We're here because we wish we knew these things before starting full-time work.

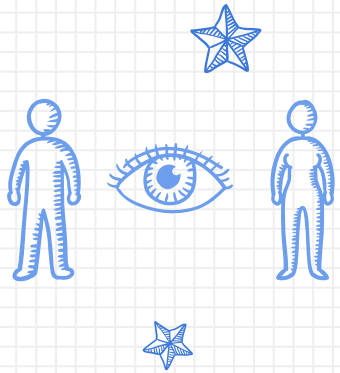
Do you need to be an algorithm master to get a job?

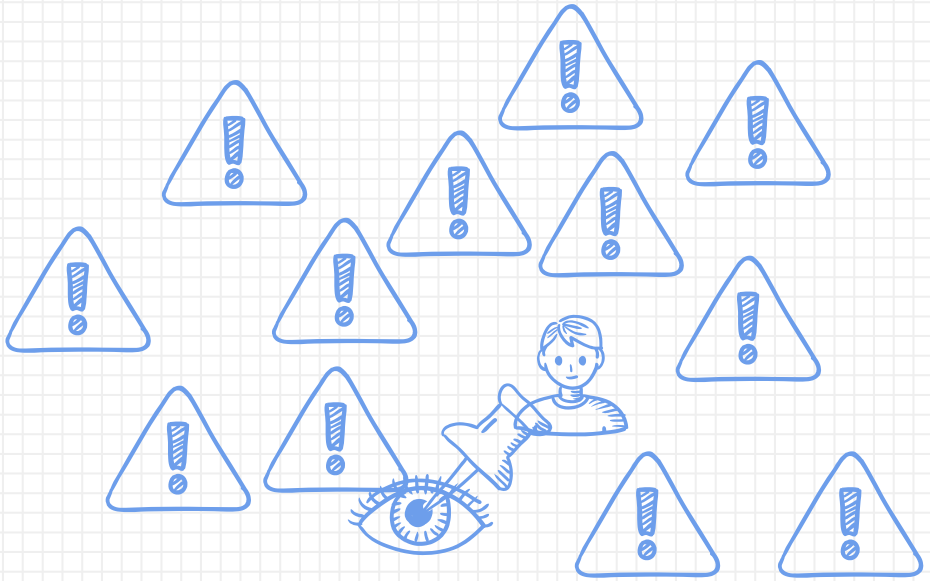
But I don't know everything...

Or anything....

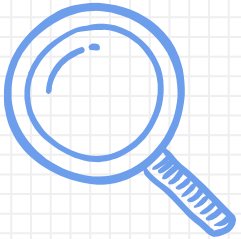
Do you really need to write tests?



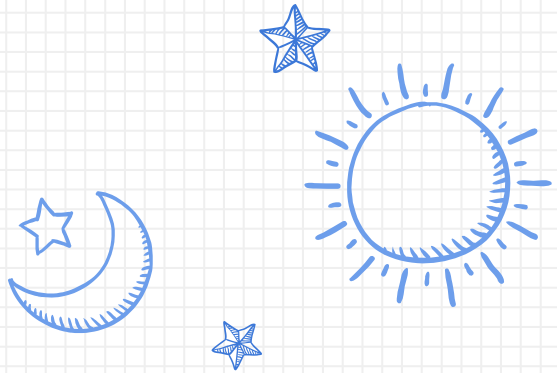
What does a software team look like?



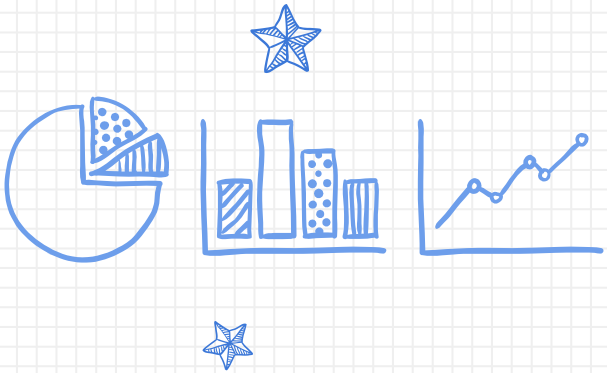
Conflicts at work



What should I look for in a company?

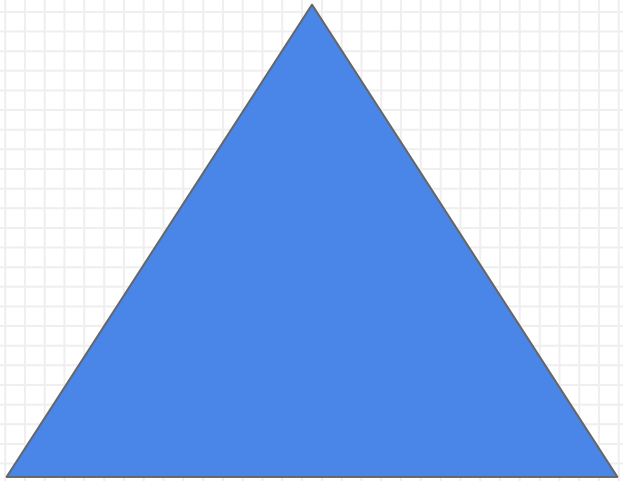


Work/Life Balance



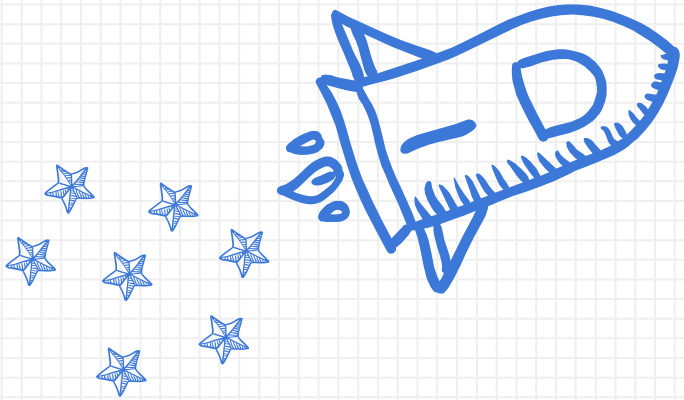
How do companies decide what to work on next?

Cheap

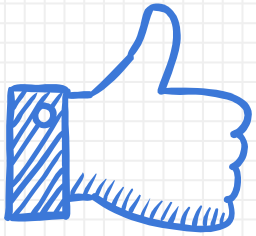


Good

Fast



How can I grow my career?



THANKS!
